## Proposals Studied By Council

The Bay St. Louis city council is studying two proposals, submitted at its meeting Monday, involving a comprehensive zoning ordinance and a salary increase schedule for municipal employees.

The zoning ordinance will cover various phases of the city's growth and expansion, including restrictions on size and classification of buildings and the type of commercial development to be allowed in certain areas.

The council plans to adopt the ordinance at its meeting next week and, if adopted, it will go into effect 30 days later.

Mayor John Scalfide said the zoning and planning measures called for in the ordinance will be an "asset to the city at this time of rapid growth." The city has no zoning restrictions at this time.

Mayor Scalfide also submitted to the council a salary increase schedule affecting many of the city employees.

City personnel included in the pay raise would include administrative and office workers, members of the police and fire departments, supervisory personnel and workers and gas distribution workers. Elected officials are not included in the schedule.

Other business at the meeting included discussion of preliminary plans for a dog pound facility in the city and the council authorized Mayor Scalfide to begin negotiations for a site and construction.

The Mayor also discussed the problem of trash pickup within the city. He noted many people are presently trimming trees and clearing lots and placing the discarded material for city pickup.

He noted the city's policy for some time has been to collect only material placed in containers and it will continue to follow this policy. Other material must be collected at the property owner's expense.

Another matter which received the attention of the council was the expected water shortage for this summer which Mayor Scalfide said the city expects to face for the last time.

Scalfide said the city is urging its users to exercise care in the use of water this summer for any unnecessary purpose.

## HISTORY BEING REWRITTEN AT HANCOCK'S MTO

GAINESVILLE, MISS. - A year ago today a dozen workers started chopping away on a dense swamp one and one-half miles from this historic old town on the East Pearl River.

When they felled that first tree, they signalled the start of one of the largest construction projects in this country, the building of NASA's Mississippi Test Operations in Hancock County.

It was Guy Stockstill's men, of nearby Poycune, who cleared the first land at this some-day-to-be rocket testing facility. Stockstill was clearing the land for T. L. James and Co., of Ruston, La.

Since a chain saw felled that first cypress tree last May 17, the entire face of the land has been changed. Where one dozen men worked a year ago, now 1,349 persons are engaged in developing this space facility which will test the rocket that lands the first Americans on the moon.

That first clearing project was to make way for a boat harbor and construction dock. Today, that project is a completed one and barges are bringing steel in from Pittsburgh, Chicago and Birmingham right up to a dock that was once a cypress and pine thicket.

Since construction started at the Marshall Space Flight Center's Mississippi facility, there have been thirteen projects completed for a total cost of \$2,335,500.

Today there are 28 active construction contracts under way amounting to \$61,612,909. Procurement contracts have been awarded at MTO for a cost of \$10,948,988. Right now the U. S. Army Corps of Engineers, NASA's agent for land acquisition and construction contracts out for bid or awaiting award for an estimated total of \$20,572,000.

The brick and mortar cost of carving this moon rocket testing base out of this South Mississippi wilderness will be about \$270 million.

In 1966 when all of the chain saws, tractors, cranes, earth movers, and pile drivers are finished with their noisy task, a new sound will be heard at the Mississippi NASA site - the rumble of the giant Saturn Apollo Moon Rocket.

There will be some 2,600 permanent employees engaged in this business of testing rockets.

And on land where history was made once as this region was settled in the 1700's, history will be made again by a breed of explorers - men and women dedicated to unlocking the secrets of the universe.

## MAN SHOT; WIFE HELD

### BISHOP FRANKLIN TO PREACH AT MAIN STREET METHODIST

Bishop Marvin A. Franklin, bishop of Jackson Area of the Methodist Church, will preach Sunday, May 24, at the 11:00 a. m. worship service at the Main Street Methodist Church.

Bishop Franklin has served in this capacity since his election to the episcopacy in 1948. He will retire from the active ministry in July of this year.

During the service Bishop Franklin will lead a service of dedication of the Chancel furniture which has been purchased largely from offerings received for the Book of Remembrance.

Assisting in the service will be Dr. T. O. Prewitt, Superintendent of the Seashore District, who will also retire this year, and the pastor, Rev. Lamar Martin.

The invitation is extended to everyone to hear Bishop Franklin.

### GAME WARDEN CLARIFIES LAW ON FISHING LICENSE

Pat Toomey, local game warden, said there has been much confusion as to whether or not a non-resident of Mississippi can fish in the following territory, using dead, live or artificial baits without a license. The laws of the Mississippi Fish and Game Commission state that a non-resident of Mississippi using live, dead, or artificial baits must have a license.

The places in question are Grand Bayou, Cross Bayou, Bayou Boland, Red Fish Bayou, Tonore Bayou, 3-Oak Bayou and their tributaries. These bayous and Bay are South of the L&N Railroad and west of Bay St. Louis in Hancock County.

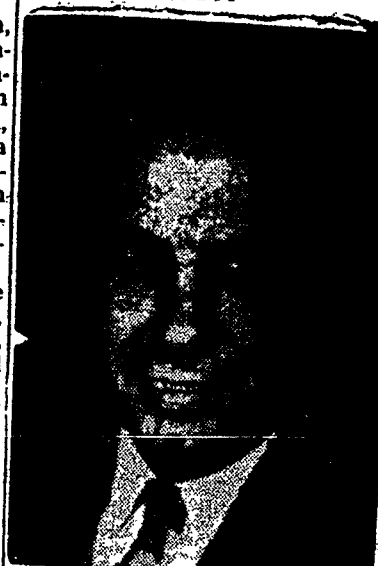

Any non-resident of Hancock County must have a fishing license when fishing in these streams.

Youths 15 years and under are not required to have a license. Non-residents of Mississippi over 65 years are required to have a license.

In course anyone using artificial baits in any fresh water streams whether residents or non-residents are required to have a license.

If in doubt about the above laws, contact your local game warden Pat Toomey, Phone 7-4980 or at Old Spanish Trail.

### NELIUS RHODES VICTORIOUS IN JP ELECTION

Nelius C. Rhodes, Sr., a former Justice of the Peace, defeated Lucien H. Raymond in Saturday's run-off election for Beat 5 Justice of the Peace to fill the unexpired term of the late Peter Chiniche.

Unofficial returns gave Rhodes 888 votes and Raymond 535.

Votes at the precincts were: Waveland, Rhodes 191, Raymond 106; Lakeshore, Rhodes 80, Raymond 22; Clermont Harbor, Rhodes 32, Raymond 27; Arlington, Rhodes 32, Raymond 18; Edwardville, Rhodes 48, Raymond 11; North Bay, Rhodes 44, Raymond 35; South Bay, Rhodes 110, Raymond 93; Court House, Rhodes 147, Raymond 68; City Hall, Rhodes 72, Raymond 53; Central School, Rhodes 132, Raymond 102.

Phillip Poole, 41, Bay St. Louis was taken to Gulfport Memorial Hospital Monday in a serious condition, suffering from gunshot wounds of the arm and chest, after receiving emergency treatment at Hancock General Hospital.

Sheriff Sylvan Ladner stated Poole's wife, Mrs. Jean Frances Poole, 29, is being held in the county jail without bond on a charge of assault and battery with intent, awaiting the outcome of Poole's injuries.

The shooting, the officer said, occurred about 11:30 a. m., at the Poole residence on the Old Lakeshore Road. He was shot, Ladner added, with a .38 calibre pistol fired through a screen door.

After he was shot, Poole got into his car and drove to the Highway Department Weighing Station and asked to be taken to the Hospital, the Sheriff said.

Sheriff Ladner was assisted in the investigation by Chief Deputy Eldo Depreo.

Poole is employed by Leavelle Construction at the Miss. Test Operations.

Sheriff Ladner, also reported two boys, 7 and 8 and a 10-year old girl were apprehended Tuesday after setting fire to a Wave land home which burned to the ground.

The children, Ladner said admitted entering the house and setting fire to it while playing with matches. They left the place thinking the fire had been put out.

The home, located on Barlow Drive belonged to C. H. Richards of New Orleans.

The case will be referred to Youth Court.

### MTO ASSOCIATE SPEAKER AT GULFVIEW SCHOOL

Joel T. Meriwether, who is associated with the Mississippi Test Operations at Gainesville was guest speaker at Eighth Grade commencement exercises at Gulfview School Tuesday night.

Other speakers introduced by School Principal Oren Seal were Superintendent of Education, Robert Ladner and E. P. Orte.

Russell Elliott and Fred Fayard presented American Legion awards to Jessie Williams and Carl Johnston.

Members of the class were T. M. Bookhart, Jimmy Johnston, Carl Johnston, Russell Lafontaine, Kirk Ladner, Michael Donald Marquar, Phillip Wayne Necaise, August Percle, Sheila Hall, Margie Faucetta, Lorenzo Mataya, Charles Schwartz, Thomas Sones, Terry Young, Judith Burson, Wanda Garcia, Alice Ladner, Beverly Ladner, Angela Smith and Jessie Williams.

Following graduation, the class had supper at Haverly's Restaurant and enjoyed dancing at the Clermont Youth Center.

### CONG. COLMER SAYS 'TIGHTEN REINS ON FOREIGN POLICY'

Gulfport - Congressman William M. Colmer called for tightening the rein on U. S. foreign policy Friday night in an address at the installation of officers of the Pascaoula Veterans of Foreign Wars.

Wilbur Dees, chancery clerk of Jackson County and a former major with overseas service during World War II, introduced the South Mississippi Congressman to the group.

Colmer decried the waste of over 100 billion dollars in the government's attempt "to buy friends overseas." The Congressman said his support of a foreign policy is the result of his experience as chairman of the House Post-War Planning Committee.

He said the tactics of the United States' foreign policy have resulted in such animosities as "a two-bit beatnik thumbing his nose just 90 miles away at the most powerful nation in the world."

Congressman Colmer said the U. S. is spreading too thin all over the world. "The Communists follow their usual line in one spot, we get in, then they move in somewhere else."

His sentiments on Viet Nam were, "Get in or get out."

Attacking the U. S. foreign methodology, Mr. Colmer said, "The trouble is that the President has the constitutional mandate to make foreign policy, but his captive of his politically appointed Secretary of State. The Secretary of State, in turn, captive of the career boys who really make the foreign policy."

He concluded his address by saying, "This is true not only of this Administration, but of all those preceding it."

### BWGC DAY LILY SHOW SLATED MAY 30

### OPEN HOUSE AT METHODIST PARSONAGE SUNDAY, MAY 24

The Main Street Methodist Church of Bay Saint Louis announced Open - House at the new Parsonage on Sunday, May 24 from 3 to 5 p. m.

This lovely home has been erected within the Conference year on a newly acquired site. The Minister, the Rev. Lamar Martin, and his family moved into their new home on March 16. The new Parsonage is located on a large wooded site in an established residential neighborhood. The former Parsonage on the site adjacent to the Church has been renovated and converted into Educational space for the Children's Division of the Church School.

The new Parsonage was designed by Fred Wagner, Architect, and constructed by C. C. McDonald, Jr., both of whom are members of the local church.

The exterior is a basic traditional Gulf Coast Colonial style with a steep French roof and white painted brick walls.

The 2000 sq. ft. home contains an entrance hall and a spacious living room and dining room with wall to wall carpeting, and is arranged for varied functions without disturbing the living area of the Pastor's family. Also, there is a large paneled family room opening into a modern kitchen equipped with a built-in electric range, a double oven and dishwasher. Three large bedrooms and 2 completely tiled baths complete the family accommodations.

The paneled study for the Pastor is located directly off the entrance hall.

The house is centrally located and air conditioned has large closets and a laundry and utility room. Not included in the 2000 sq. ft. living area is a spacious two-car carport.

The Parsonage Committee has worked effectively and assisted by church organizations and individuals have provided lovely flower length drapes, a classic set of chairs, a dining room set, and office furniture for the study.

Members of the Parsonage Committee are: Mrs. J. A. Evans, chairman, Mrs. Sam Whitfield, Mrs. T. T. Robin, J. W. Gray, and Wallace Cheval.

Members of the Building Committee are: C. C. McDonald, Jr., chairman, Fred Wagner, John McDonald, Leo Seal, Jr., M. and W. C. Frazier, and others.

## Police Reports

Police Chief Lathan Garriga reported a 17-year old girl was injured in an automobile accident early Thursday.

The girl, identified by the officer as Constance Brodgon of Rt. 2, Bay St. Louis, reportedly suffered a head injury and abrasions when the automobile she was driving went over a 16-inch concrete wall at the north dead end of Beach Blvd., and plunged into the bayou.

Garriga, who answered a call from residents in the area about 6:45 a. m., said the girl was found wandering down the road about three-quarters of a mile from the scene of the accident and was suffering from shock.

She was taken by ambulance to Hancock General Hospital.

The accident was investigated by Garriga and Sheriff Sylvan Ladner.

### C. OF C. NEW APPOINTMENTS

The Hancock County Chamber of Commerce Board of Directors appointed Joseph R. Schaff a member of the board at Monday night's meeting to replace H. H. Shattuck who resigned.

Also named was Robert L. Hamilton treasurer and a committee comprised of Dix Ashman and Mesdames Caroline Kiefer and Wayne Ducomb to select a new decal for the Chamber.

### LOCAL STUDENT ACTIVE IN RADIO WORK AT USM

May 19 ended the fifteenth year of broadcasting for WMSU, the University operated radio station on the campus of the University of Southern Mississippi in Hattiesburg. One of the students who helped make 1963-64 a banner year for WMSU is Steve Saucier whose parents Mr. and Mrs. Harold Kranke reside at 303 deMont-luzin Ave.

During the past 9 months, WMSU was the recipient of two major awards. In February, the Forest County (Miss.) United Givers Fund awarded them a certificate of commendation for a 68 hour marathon broadcast in behalf of the Fund. Three students broadcasted continuously from a downtown Hattiesburg business establishment's window helping to raise over \$1500 in student contributions.

At the annual Mississippi Broadcasters Association convention in Biloxi, the state broadcasters gave WMSU a certificate of excellence for "outstanding news reporting."

Mrs. Elizabeth Becker, City Miller and Mrs. Elizabeth Weston, who are retiring at the end of this session, were recently honored by the faculty and personnel at North Bay Elementary School.

Mrs. Weston has taught in the city school system for seven years, Mr. Miller for four years and Mrs.

### POST TO SPONSOR BASEBALL TEAM

Bay St. Louis Post 139 will sponsor an American Legion baseball team this year. All boys interested should report to S. S. C. baseball field Saturday at 9:00 May 23rd for the first practice.

Competition is open to boys over 15 and under 18. (Must be born after Sept. 1, 1945).

Any boy in the Bay St. Louis area including Hancock North and Pass Christian are eligible.

Student staffers from WMSU were on the scene to cover every major news happening in the Hattiesburg area and on a number of occasions their stories were relayed by the national news services across the country.

Its first, fourteen behind it, WMSU is looking forward to more years of service to the University of Southern Mississippi. Director of Radio-TV Bennett Strang said, "WMSU is aimed at serving its community as is any radio station." And in this case its community is the 6000 students of the University of Southern Mississippi.

William C. Fortune of the Miss. Test Operations, was speaker at the dedication of a heliport adjacent to Hancock General Hospital.

Fortune congratulated the city on the new facility and was a pleasure to have first to utilize it.

Fortune was introduced by Hospital Administrator Thomas Scalfide.

Scalfide, Hospital Board president, cut the ribbon and the Rev. Msgr. James J. Hannon, pastor of Our Lady of the Gulf Catholic Church, gave the invocation. The benediction was given by the Rev. Emory Green, pastor of the First Baptist Church, and Rev. Charles R. Johnson, pastor of Christ Episcopal Church.

Hospital Auxiliary members were in charge of a guided tour of the hospital and served refreshments during the afternoon.

**Catchmen**  
 Good Tuesday after a successful season in New Orleans. Many of our local catchmen will be waiting for the return of the night next week.

For those who love to catch frogs, now is the time. With no rain, the frogs should go to water holes where they are easily caught. At some other night, they will be good.

Good to see Anthony Protti over for a couple of days from Belle Chase. He is looking for his vacation to come over and catch up on his fishing.

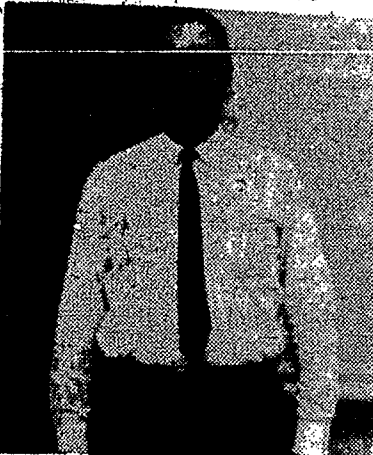

Softball games have started again. A good crowd was out Sunday night to watch in a favorite sport of local fans. Hot schedules are in the making and the tournaments will furnish plenty of competition for a number of outstanding teams. The games are played at the ball field on Carroll and Ulman Avenues. They are interesting to watch.

Phillips 66 has just put out its new fishing guide, a handy pocket guide to help you find and catch more fish. The guide is free for the asking and can be a lot of help to those enjoying fishing.

When out fishing in outside waters, following the birds is a good idea. They may be waiting for the fish to start feeding. Sea gulls especially feed on shrimp the fish are striking and is an indication that fish are nearby.

Salt water fishing like any other is controlled largely by the tide changes. It pays off in the end.

#### LOCAL SPORTSMAN

SYLVAN LADNER

Sylvan is our present Sheriff and his hobbies when he has the time is fishing and hunting. He has always done both and always got his share of game and fish. He is way behind in his fishing and hopes to catch up soon. There are plenty of fish waiting to be caught. Better get out the old rod and get after them Sylvan.

Fishing on new beaches, it is a good idea to study the different spots to fish when the tide is high.

#### 1579 RECEIVE SOCIAL SECURITY PAYMENTS IN HANCOCK

Gulfport - Congressman William M. Colmer announced today that figures provided him by the Social Security Administration show that 1,579 people in Hancock County receive payments totaling \$90,550 from the Administration each month.

These benefits are paid under the old-age and survivors and the disability insurance program.

The information shows further that Mississippi's Fifth Congressional District which Mr. Colmer represents has 43,139 residents receiving benefit payments amounting to \$2,453,129 each month.

Congressman Colmer, a member of Congress since 1933, and a long-time supporter of Social Security, said that he is pleased to see residents of this district who are now retired or totally disabled receive such returns from the contributions they made during their working years.

"While some trouble and expense for the employer and the employee are involved in making Social Security payments, the benefits of preserving the self-respect of retirees and the disabled and of returning to the local economy consumer buying power, outweigh the disadvantages," said Mr. Colmer.

#### OPERATING A POWER MOWER

Now that Mississippi's lawn-mowing season is in full swing again, householders should remember that the modern power mower involves safety hazards as well as conveniences. Properly handled, the modern power mower is a handy helper and great convenience.

Sunken obstructions can be located and are an ideal place to catch salt water fish especially specks, red fish, sheepshead etc.

Received a letter this week from Ed Arceneaux, Sr., and Mrs. Arceneaux who have been on an extended trip across the country, to date, covering 3725 miles. Ed said his son, Major Arceneaux has promised to take him on a fishing trip to catch big salmon. He is an ardent fisherman and will enjoy catching the big ones. Will know when he gets back the end of May how many he caught. We'll be seeing you Ed.

The Scouts of the Waveland troop enjoyed a camp-out over the weekend. The boys said they had a wonderful time.

A little reminder in advance: Fishing licenses will expire soon. Better get yours in advance. It's better to be safe than sorry.

#### COUNTY AGENT'S NOTES

O. O. SWORDS  
 County Agent

##### WEED CONTROL

On pastures of grass and lespedeza you can spray with 1 pound of 2, 4-D per acre and get many times the cost in extra pastures growth. No damage will be done to the grass or lespedeza if not over 1 pound of 2, 4-D is used. You will kill bitter weeds, goat weeds, cypress weeds and some other weeds at this time of year. Weed control is a major problem on permanent pastures and cost a lot of good grass growth during the summer. Fertilizer does not pay its best returns on pastures unless weeds are controlled. If pastures are well fertilized there, won't be as many weeds as on unfertilized pastures.

##### GET RID OF BROODSEDGE

This is the second method to move broodsedge. Apply 1 ton of lime and plow the area. Follow until September and plant winter grazing and fertilize pretty high. If you really want to move all the broodsedge on an area, plant a summer temporary grazing the next year after spring grazing is gone and put the area back into winter grazing again. Then put back into permanent pastures. Broodsedge will disappear and stay away as long as fertilization and good management are practiced. One planting to winter grazing will move most of the broodsedge in one year if fertilization is kept up and good management is practiced.

##### SIDE DRESS CORN

Sidedress corn with 60 to 90 pounds of available nitrogen per acre as required to bring total nitrogen to 120 units and lay it by when it reaches the knee-high stage. On good land where you have 12,000 or more stalks per acre, you can use the high fertilizer rate profitably. High rates of nitrogen are necessary to produce 80 to 100 bushels of corn per acre.

##### SOIL TESTING

Acid soils are costing Mississippi cotton farmers around \$30 million

a year in reduced yields. Lack of lime on your soils may rob you of as much as one half bale or more to the acre.

##### DAIRY NOTES

Want to make your cows give more milk? Most authorities agree that better feeding would help.

If you feed your cow to give 4,000 pounds of milk a year, that's all she'll give. Better start now planning an adequate supply of stored feed for the year ahead.

Think about silage. A check of the high producing herds in the state show that all these dairymen are feeding silage. It is almost a MUST if you plan to get year-round high production.

##### SAFE USE OF PESTICIDES

Here are some rules for using insecticides safely and profitably: First, use a pesticide only when it is needed. And be sure that you use one that is recommended to control the pest you want to control.

Read the label before you buy. Make sure that the label lists the name of the pest you want to kill. After you buy the pesticide, read the label again before using, study carefully. Then follow all

label directions and precautions for storing, mixing and applying and for disposing of the unused pesticide or empty container.

#### VALEDICTORIAN

Andrella Acker will deliver the valedictory address at commencement exercises at Valena C. Jones School May 25. She finishes with a 98 average.

Other speakers will be Leray Haynes and Harold Price who tied for salutatorian with a 95 average and James Field, honor student.

#### EXPRESS THANKS

Waveland Home Demonstration Club has expressed thanks to all who helped make the plant sale for the benefit of the Hancock County T. B. fund drive a success. Hamilton Guenard III was winner of the entrance prize, a potted plant and Mrs. M. Stiller, the other prize.

The Dahlia is named after Swedish botanist Andreas Dahl, according to the American Association of Nurserymen.

CHIKUITA JOSEPH

Chiquita Joseph will give the valedictory address at St. Rose de Lima graduation exercises at 8 p. m. Sunday, May 31, in the school auditorium, while Calvin Smith will deliver the welcome address. Melanie Raboteau will give the class motto.

CALVIN SMITH

The Rev. Wilbert White SVD, will address the class and the Rev. Francis Wade will present the diplomas. Baccalaureate services will be at the 6 o'clock Mass Sunday morning with Father Wade officiating.

## A MATTER OF DEGREE

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest  
factor on earth for the build-  
ing of character and good  
citizenship. It is a strenuous  
of spiritual values. Without  
a strong church, neither  
democracy nor civilization  
can survive. There are four  
sound reasons why every  
person should attend services  
regularly and support the  
church. They are: (1) For his  
own sake. (2) For his chil-  
dren's sake. (3) For the sake  
of his community and nation.  
(4) For the sake of the church  
itself, which needs his moral  
and material support. Plan  
to go to church regularly  
and read your Bible daily.

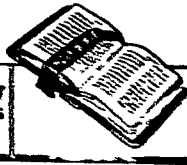

Doctor? Lawyer? Merchant? Already Bobbie's par-  
ents are planning for his future. They're saving to give  
him the best education obtainable, because they want  
him to be happy and successful... a son to be proud of.  
It would be splendid if a good education automati-  
cally led to happiness and success, but unfortunately  
it doesn't. Many well-educated men and women have  
failed utterly when it came to living a stable and worth-  
while life, because they lacked the strength of character  
that would have sustained them.

There is no better training ground for the building  
of character than the Christian Church. There children  
are encouraged to follow a way of life that will not fail  
them, and to respect themselves and their fellows.

Give your child every chance to succeed. Make sure  
that his education includes a thorough knowledge of  
the time-tested Christian truths.

## Many, Many Thanks

I am most appreciative of the faith you have shown by electing me to the office of Justice of the Peace by the vast majority of votes cast in my behalf.

To those who were unable to vote for me, I hold no ill feelings and want you to feel free to call on me for any assistance when needed.

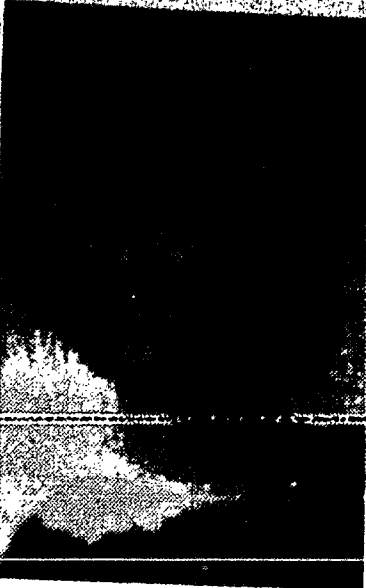

To my faithful and loyal supporters, words are so meaningless when I attempt to express my feeling of appreciation for your continued support over the period of years. Every effort will be made to retain your faith.

Again to the workers of each precinct, my thanks for spending so many hours and bearing out this day performing your duties.

Respectfully yours,

**Nelius C. Rhodes, Sr.**

### ANNOUNCE ENGAGEMENT
